Report on the Audits of the Financial Statements

My Opinion

In my opinion, the accompanying financial statements present fairly, in all material respects, the financial position of **INSTITUTE OF ELECTRONICS ENGINEERS OF THE PHILIPPINES INC.** as at December 31, 2020 and 2019 and its financial performance and its cash flows for the year then ended in accordance with Philippine Financial Reporting Standards for SMEs.

What I audited

The financial statements of the Company comprise of:

- the statements of assets, liabilities and equity as at December 31, 2020 and 2019;
- the statements of revenues and expenses for the years ended December 31, 2020 and 2019;
- · the statements of changes in fund balance for the years ended December 31, 2020 and 2019;
- the statements of cash flows for the years ended December 31, 2020 and 2019; and
- the notes to the financial statements, which include a summary of significant accounting policies.

Basis for Opinion

I conducted my audits in accordance with Philippine Standards on Auditing (PSA). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Independence

I am independent of the Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics), together with the ethical requirements that are relevant to my audits of the financial statements in the Philippines, and I have fulfilled my other ethical responsibilities in accordance with these requirements and the Code of Ethics.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the company's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue and auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not guarantee that an audit conducted in accordance with Philippine Standard of Audit will always detect material misstatement when it exists. Misstatement can arise from fraud or error and are considered material if, individual or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to the risks, and obtain audit
 evidence that is sufficient and appropriate to provide as basis for my opinion. The risk of not
 detecting a material misstatement resulting from fraud is higher than for one resulting from error,
 as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override
 of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the internal control.
- Evaluate appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my report's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I can communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

Report on the supplementary information required under Revenue Regulatory 15-2010 of the Bureau of Internal Revenue

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information on taxes and license fee to the financial statements is presented for the purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of the management of INSTITUTE OF ELECTRONICS ENGINEERS OF THE PHILIPPINES INC. The information has been subjected to the auditing procedures applied in my audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Statement of Management 's Responsibility for Annual Income Tax Return

The management of INSTITUTE OF ELECTRONICS ENGINEERS OF THE PHILIPPINES, INC. is responsible for all information and representations contained in the Annual Income Tax Return for the year ended December 31, 2020. Management is likewise responsible for all information and representations contained in the financial statements accompanying the Annual Income Tax Return covering the same reporting period. Furthermore, the Management is responsible for all information and representations contained in all other tax returns filed for the reporting period, including, but not limited, to the value added tax and/or percentage tax returns, withholding tax returns, documentary stamp returns, and any and all other tax returns.

In this regard, the Management affirms that the attached audited financial statements for the year ended **December 31, 2020** and the accompanying Annual Income Tax Return are in accordance with the books and records of **INSTITUTE OF ELECTRONICS ENGINEERS OF THE PHILIPPINES, INC.** complete and correct in all material respects. Management likewise affirms that:

- (a) the Annual Income Tax Return has been prepared in accordance with the provisions of the National Internal Revenue Code, as amended and pertinent tax regulations and other issuances of the Department of Finance and the Bureau of Internal Revenue;
- (b) any disparity of figures in the submitted reports arising from the preparation of financial statements pursuant to financial accounting standards and the preparation of the income tax return pursuant to tax accounting rules has been reported as reconciling items and maintained in the company's books and records in accordance with the requirements of Revenue Regulations No. 8-2007 and other relevant issuances;
- (c) the **INSTITUTE OF ELECTRONICS ENGINEERS OF THE PHILIPPINES, INC.** has filed all applicable tax returns, reports and statements required to be filed under Philippine tax laws for the reporting period, and all taxes and other impositions shown thereon to be due and payable have been paid for the reporting period, except those contested in good faith.

STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

SECURITIES AND EXCHANGE COMMISSION (SEC) G/F Secretariat Building PICC Complex, Roxas Boulevard Pasay City, 1307

The management of INSTITUTE OF ELECTRONICS ENGINEERS OF THE PHILIPPINES, INC. is responsible for the preparation and fair presentation of the financial statements, including the schedules attached therein, for the years ended December 31, 2020 and 2019, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative to do so.

The Board of Directors is responsible for overseeing the company's financial reporting process.

The Board of Directors reviews and approves the financial statements, including the schedules attached therein, and submits the same to the stockholders.

JESON G. MARCIAL, the independent auditor appointed by the stockholders, has audited the financial statements of the company in accordance with Philippine Standards on Auditing, and in her report to the stockholders, have expressed her opinion on the fairness of presentation upon completion of such audit.

INSTITUTE OF ELECTRONICS ENGINEERS OF THE PHILIPPINES, INC.

(A Non-stock, Non-profit Organization) **NOTES TO FINANCIAL STATEMENTS**FOR THE YEAR ENDED DECEMBER 31, 2020 AND 2019

NOTE 1. CORPORATE INFORMATION

The Institute of Electronics Engineers of the Philippines, Inc. ("The Institute") was incorporated in the Philippines and registered with the Philippine Securities and Exchange Commission (SEC Registration No. 200504041) on March 14, 2005 as a non-stock, non-profit organization. It is the integrated accredited professional organization for the Electronics and Commissions Engineering profession, duly recognized by the Professional Regulation Commission (PRC) on February 20, 2009.

Its primary purpose is dedicated to the task of applying to human needs the principles of electronics, communications and/or its allied fields of engineering, bound by the common desire to promote the advancement of people and humanity and to effectively serve the country in the practice of their profession.

The Institute is exempt from payment of Income Tax on Income received by its pursuant to Section 30(G) of the Tax Code of 1997.

The registered office address of the Institute is at Unit 712 Cityland Shaw Tower, Shaw Boulevard, Mandaluyong City.

The Financial statements of the Institute were approved and authorized for issuance by the Board of Directors on ______.

The Board of Directors is still empowered to make revisions even after the date of issue.

NOTE 2. BASIS OF PREPARATION

Statement of Compliance

The financial statements of the Institute have been prepared using the historical cost basis.

Functional and Presentation Currency

The financial statements are presented in Philippine peso, which is the Institute's functional currency and all values are rounded off to the nearest peso, except when otherwise indicated.

Use of Estimates and Judgments

The preparation of the Institute's financial statements requires management to make judgment, estimates and assumptions that affect the amount reported in the financial statements and accompanying notes. The estimates and assumptions used in preparing the financial statements are based on management's evaluation of relevant facts and circumstances as of the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognized in a period in which the estimates is revised and in any future periods affected.

In particular, information about significant areas estimation, uncertainly and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are as follows:

Judgments

In the process of applying the Institute's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognized in the financial statements.

Determining Functional Currency

The Institute considers factors, including but not limited to, the currency in which receipts and disbursements from the operating activities are usually made. Based on the economic substance of the underlying circumstances relevant to the Foundation, the functional currency has been determined to be Philippine peso.

Estimates

The key assumptions concerning the future and other key sources of estimation uncertainly at the reporting, that have a significant risk of causing a material adjustment to the carrying amounts of asset and liabilities within the next financial year, are described below. The Institute based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Foundation. Such changes are reflected in the assumptions when they occur.

Estimating Useful Lives of Property and Equipment

The Institute estimates the useful lives of property and equipment based on the period over which the property and equipment are expected to be available for use. The estimated useful lives (EUL) of the property and equipment are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the property and equipment. It is possible, however, that future financial performance could be materially affected by changes in the estimates brought about by changes in factors mentioned above. The amounts and timing of recorded expenses for any period would be affected by changes in these factors and circumstances. A reduction in the EUL of the property and equipment would increase the recorded expenses and decrease the noncurrent assets.

NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in preparing the financial statements are set out below. These policies have been applied, unless otherwise stated:

Financial Instrument

All financial asset and financial liabilities in the statement of financial position are recognized when the Institute becomes a party to the contractual provisions of the instrument.

Date of Recognition. The Institute recognized a financial asset or a financial liability in the statement of assets, liabilities and fund balances when it becomes a party to the contractual provisions of the instrument. In the case of a regular way purchase or sale of financial assets, recognition is done using settlement date accounting.

Initial of Financial Instruments. Financial instruments are recognized initially at the fair value of the consideration given (in case of an asset) or received (in case of a liability). The initial measurement of financial instruments, except for those designated at fair value through profit or loss (FVPL), includes transaction costs.

Impairment of Financial Asset. The Institute assesses at each reporting date whether a financial asset or group of financial asset is impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that have occurred after the initial recognition of the asset (an incurred loss event) and that loss event has an

impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated.

Derecognition of Financial Assets and Financial Liabilities

Financial Asset. A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- · the right to receive cash flows from the asset expired;
- the Institute retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a "pass-through" arrangement; or
- the Institute has transferred its rights to receive cash flows from the asset and either; (a) has
 transferred substantially all the risks and rewards of the asset; or (b) has neither transferred nor
 retained substantially all the risks and rewards of the asset, but has transferred control of the
 asset.

Financial Liabilities. A financial liability is derecognized when the obligation under the liability is discharged cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in the statement of income.

Offsetting Financial Instruments. Financial assets and financial liabilities are offset and the net amount is reported in the statement of assets, liabilities and fund balances if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle an a net basis, or to realize the asset and settle the liability simultaneously. This is not generally the case with master agreements, and the related assets and liabilities are presented at gross amounts in the statement of assets, liabilities and fund balances.

Financial Asset

The Institute's cash and cash equivalents and receivables are included in this category.

Cash includes cash on hand and in banks which are stated at face value. Cash equivalents are short-term, highly liquid investment that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Property and Equipment

Property and equipment are stated at cost, excluding the costs of day-to-day servicing, less accumulated depreciation and any impairment in value. The initial cost of property and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditures incurred after the property and equipment have been put into operations, such as repairs and maintenance and overhaul costs, are normally charged to operations in the period costs are incurred. In situations where it can be clearly demonstrated that the expenditures have resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property and equipment beyond its originally assessed standard of performance, the expenditures are capitalized as additional costs of property and equipment losses, if any, are eliminated from the accounts and any gain or loss resulting from their disposal is included in the statement of revenues and expenses.

The useful life of each of the property and equipment is estimated based on the period over which the asset is expected to be available for use.

Depreciation is computed on a straight-line method over the EUL of the assets as follows;

	Number of Years
Building - Office & Improvements	20
Furniture's & Fixtures and office Equipment	3-5
IT Equipment	5

The asset's residual values, useful lives and depreciation method are reviewed, and adjusted if appropriate, if there is an indication of significant change since the last reporting date.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in the statement of revenues and expenses in the year the item is derecognized.

Impairment Property and Equipment

An asset is made at each reporting date as to whether there is an indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, there coverable amount is estimated. A previously recognized impairment loss is reversed only if there has been change in the estimates used to determine the assets recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of revenues and expenses unless the asset is carried at revalued amount, in which case the reversal is treated as revaluation increase After such a reversal, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining EUL.

The Institute's property and equipment are not impaired as of December 31, 2018 and 2017. Assumptions made by management in assessing impairment of property and equipment are disclosed in Note 2.

Financial Liabilities

Included in this category are the Institute's liabilities arising from its accounts payable and accrued expenses.

Fund Balance

Restricted Fund.

Restricted Fund represents the accumulated excess of revenues over expenses pertaining to donations and contributions received for specific projects, net of related expenses.

General Fund.

General Fund represents the accumulated excess of revenues over expenses pertaining to donations and contributions received for general use, net of related expenses.

Revenue Recognition

Revenue is recognized when it is probable that the economic benefits associated with the transaction will flow to the Institute and the amount of the revenue can be measured reliably.

Membership. Annual membership dues are recognized as income when collected regardless of the period to which they pertain.

Affiliation Fee. Fees from schools that are associated with the Institute are recognized as income when received.

Seminar Fees. Registration fees from various seminars conducted by the Institute are recognized as income when earned.

Sponsorship, Donations and Solicitations. Sponsorship, donations & solicitations from various entities during events organized by the Institute are recognized when received.

Interest Income. Interest is recognized as it accrues, using the effective interest method. The effective interest rate is the rate that discounts estimated future cash receipts through the expected life of the financial instrument.

Miscellaneous Income. Income from various activities other than seminars, processing fee of license renewal and others proceeds are recognized as income when earned.

Employee Benefits

The Institute provides short term benefits to its employees in the form of salaries and wages, 13th month pay, contributions to SSS/PHIC/HDMF and other short term employee benefits and included in "Program and administrative expenses".

Expense Recognition

Program cost and administrative expenses are recognized in the statement of income upon utilization of the service or on the date they are incurred.

Income Tax and Tax Exemption

As a non-stock, non-profit corporation under the provisions of Section 30 (g) of the Tax Reform Act of 1997 (Republic Act No. 8424), the Foundation is exempt from the payment of income taxes. No part of net income or asset shall belong to or inure to the benefit of any member, officer or any specific person. However, income of whatever kind and character of the Foundation from any its properties, real or personal, or from any of its activities conducted for profit, regardless of the disposition of such income, shall be subjected to income tax as imposed under the National internal Revenue Code.

Related Parties

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the party in making financial and operating decisions. This includes relationship that exists between and/or among entities, which are under common control with the reporting enterprise, or between and/or among the reporting enterprises and their key management personnel, directors or trustees.

Provisions and Contingencies

A provision is recognized if, as a result of a past event, the Foundation has a present legal or constructive obligation that can be estimated reliably, and it is probable that a transfer of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as a finance cost. The Foundation does not recognize a provision for future operating losses.

Contingent liabilities are not recognized in the financial statements. They are disclosed in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the financial statements but are disclosed in the notes to financial statements when an inflow of economic benefits is probable.

Events After Reporting Period

Post-year-end events up to the date of the auditor's report that provide additional information about the Foundation's position at reporting date (adjusting events) are reflected in the financial statements. Post year end events that are not adjusting events are disclosed in the notes to financial statements when material.

NOTE 11. SUPPLEMENTAL INFORMATION REQUIRED UNDER REVENUE REGULATIONS (RR) 15-2010

In compliance with the requirements set forth by RR-No. 15-2010, hereunder are the information on taxes, duties and licenses fees paid or accrued during the year.

- 1. The company is a VAT Exempt registered company with no output VAT declared for the year.
- 2. The company did not have taxes on importation (i.e., customs duties and tariff duties) in 2020.
- 3. The company did not have any transactions which are subject to excise tax in 2020.
- There are documentary stamp tax paid during the year.
- 5. Taxes and licenses paid or accrued in 2020 consist of the following:

	20	20	2019
Business Tax	P	P	9,457
Community Tax Certificate			500
BIR Registration			500
	P	P	10,457

 As of December 31, 2020, the company does not have any final deficiency tax assessment from the BIR nor does it have tax cases outstanding or pending in courts or bodies outside of the BIR in any of the open years.

Supplemental Information Required Under RR 19-2011

- 1. There were no taxable revenue for the year 2020.
- The amounts of itemized deductions for the year ended December 31, 2020 under the regular tax regime are as follows:

		Amount
Salaries, wages and employee benefits	P	1,052,054

NOTE 12. OTHER MATTERS - RELEVANT TAX UPDATE

Republic Act No. 11494 or An Act Providing for COVID-19 Response and Recovery Interventions and Providing Mechanisms to Accelerate the Recovery and Bolster the Resiliency of the Philippine Economy or "Bayanihan to Recover as One Act"

The Law, which took effect on September 15, 2020 represents the comprehensive tax reform program of the current administration that aims to correct gaps in the present tax system, allowing it to be more effective and equitable. Below are the silent points of the law:

The corporate income tax of all other corporations, meanwhile, will be lowered to 25 percent.

The bill would also lower the minimum corporate income tax (MCIT) from 2 percent to one percent effective July 2021 until June 30, 2023.

- A.) One percent tax rate for Proprietary Educational Institutions and Hospitals which are non-Profit effective July 1, 2021 until June 30, 2023
- B.) Value-added tax (VAT) exemption threshold for socialized and low-cost housing to P2.5 million and P4.2 million for house and lot
- C.)VAT exemption for medicines for cancer, mental illness, tuberculosis, and kidney diseases

VAT-free importation and sale of COVID-19 medicines, PPEs beginning until December 31, 2023

D.)Reduced preferential tax rates from 10 percent to 1 percent for non-profit hospitals and educational institutions effective July 1, 2021 to June 30, 2023.
